

Classic Plan Tiered Image Pricing

\$49 per month for hosting and display of up to 2,500 images at any one time during each month.

If peak image display exceeds 2,500 in a month, each additional image over 2500 costs 1.5 cents up to 5,000. (i.e. Peak image display for 5,000 images would be \$49 for the first 2,500, plus \$37.50 for the next 2,500 ($2,500 \times .015 = \$37.50$). Total for the month would be \$86.50)

If peak image display exceeds 5,000 in a month, each additional image over 2,500 costs just .75 (just $\frac{3}{4}$ of a penny) up to 25,000 images. (i.e. Peak image display for 10,000 images would be \$49 for the first 2,500, plus \$56.25 for the next 7,500 ($7,500 \times .0075 = \$56.25$). Total for the month would be \$105.25)
